TABLE OF CONTENTS.

VOLUME VI.

BUSINESS PROCEEDINGS.

PAGE

Accessions to the Library 109, 135, 138
Election of Members 36, 58, 129, 136, 163
Election of Officers 110
Memorial Notices 11, 41, 65
Reports:
  Committees 58, 66, 136
  Corresponding Secretary 160
  Council 1, 36, 58, 66, 91, 112, 113, 128, 129, 136, 160, 163
  Recording Secretary 109
  Librarian 109, 167
  urer 110
Minutes of Meetings:
  Business Meetings 1, 35, 58, 65, 91, 108, 112, 128, 136, 160
  Special Meetings 162
  Stated Meetings, 12, 18, 35, 39, 40, 41, 65, 70, 77, 92, 93, 113, 121, 122, 129, 135, 138, 146, 147
Changes in By-laws 1, 2, 58

SCIENTIFIC PROCEEDINGS.

Archæology 60–65, 93
Astronomy 93–108, 134
Bacteriology 40
Botany 66–70, 112
Chemistry 9–11, 135
Ethnology 111
Geography 60–65, 77, 129, 138, 147, 165
Geology and Palæontology, 12–18, 35, 41, 59, 113, 122, 124–128, 137, 138, 164, 165

PAGE
History of the Academy.....146, 147
Hygiene.....42-58, 114-121
Mechanics and Engineering, 42-58, 65, 77-91, 114-121, 122, 131-134, 148-160
Meteorology.....35, 40, 70, 71-76, 92, 141-146, 160-162, 166
Mineralogy, 2-11, 12-16, 39, 40, 41, 70, 71, 77, 91, 92, 111, 112, 113, 122, 129, 130, 135, 139-141, 165, 166
Photography..... 42
Physiology.....113, 114-121
Seismology.....18-35, 65, 91
Zoology.....70, 77, 111, 113, 135, 139

List of Exchanges..... 167

PAPERS READ BEFORE THE ACADEMY.

A. P. BJERREGAARD.

Report upon the Pink Dolomite recently obtained near Morrisania, with analysis (February 7, 1887), *without abstract*..... 91

CHARLES H. BOLLMAN.

Monograph of the North American Iulidæ (February 28, 1887), *read by title* 111

N. L. BRITTON.

Additional Notes on the Geology of Staten Island (October 11, 1886)..... 12
Note on the growth of a Vinegar Plant in fermented Grape Juice (January 10, 1887).. 66

L. E. CHITTENDEN.

Observations upon Earthquakes (November 1, 1886)..... 36
The Use of Metals by the Aborigines of Georgia and Florida (December 6, 1886) 60

ELMER L. CORTHELL.

The Isthmian Ship Railway (December 20, 1886), *without abstract*. 65

HENRY DRUMMOND.

The Heart of Africa (August 15, 1887), *without abstract*..... 165

PAGE

CARL H. EIGENMANN and JENNIE E. HORNENG.

A Review of the Chætodontidæ of North America (January 31, 1887), *read by title*..... 77

HERMAN LEROY FAIRCHILD.

Transformations of the Skin in the Animal Kingdom (March 7, 1887), *without abstract*..... 113

J. J. FRIEDRICH.

Notes on Local Mineralogy (April 11, 1887)..... 130

WILLIAM E. HIDDEN.

A Notable Discovery of Precious Stones in Alexander Co., N. C. (October 4, 1886) 2

On an Iron Meteorite that fell at Mazapil, Mexico, during the Display of "Bielid" Meteors, November 27, 1885, with an Account of its Fall, by Prof. José A. y Bonilla, Director of the Zacatecas Observatory (January 17, 1887)..... 71

ALEXIS A. JULIEN.

The Transformations of Iron Disulphide (April 18, 1887) 135

GEORGE F. KUNZ.

On the New Artificial Rubies (October 4, 1886)..... 4

Meteoric Iron from Carroll Co., Kentucky (January 17, 1887) 71

A New Meteor from Catorze, Mexico (January 17, 1887), *abstract*.. 76

Hydrophane (Magic Stone) from Colorado (February 28, 1887)..... 111

Crystals of Hollow Quartz from Arizona (March 28, 1887) 122

On Jade and Jadeite (May 9, 1887). 139

Description of the Meteorite which fell near Cabin Creek, Johnson Co., Arkansas, March 27th, 1886 (May 9, 1887)..... 141

A Meteorite from Powder Mill Creek, Tennessee (June 6, 1887), *abstract*..... 161

Jasperized and Agatized Woods from Arizona (August 15, 1887).... 165

GEORGE N. LAWRENCE.

Description of a New Species of Thrush (*Margarops albiventris*) from the Island of Grenada, W. I. (February 28, 1887), *read by title*..... 111

Descriptions of New Species of Birds of the Families Sylviidæ, Troglodytidæ, and Tyrannidæ (May 9, 1887), *read by title*..... 139

PAGE

ALBERT R. LEEDS.

The American System of Purification of the Water Supplies of Cities (November 29, 1886)..... 42

DANIEL S. MARTIN.

A Monument to J. J. Audubon (August 15, 1887)..... 163

F. J. H. MERRILL.

Notes on the Geology of Block Island and Nantucket (October 25, 1886)..... 35
Note on the Green Pond Mountain Group of New Jersey (December 6, 1886)..... 59

HENRY A. MOTT.

A Limit to the Height of the Atmosphere (November 8, 1886), *without abstract*..... 40

JOHN S. NEWBERRY.

Earthquakes, What is Known and Believed about them by Geologists (October 18, 1886)..... 18
The Fauna and Flora of the Trias of New Jersey and the Connecticut Valley (March 28, 1887), *abstract*..... 124
Cœlosteus, a New Genus of Fishes from the Lower Carboniferous Limestone of Illinois (May 2, 1887), *abstract*..... 137
A New Meteorite from Tennessee (June 6, 1887), *abstract*..... 160
Description of a New Species of Titanichthys (August 15, 1887), *abstract*..... 164

CHARLES E. PELLEW.

Recent Investigations on the Mitigation of Pathogenic Bacteria (November 15, 1886), *without abstract*..... 40

HENRY H. RUSBY.

Notes of Recent Travel on a Journey from La Paz to Para, through the Bolivian Andes and the Valleys of the Beni and Madeira Rivers (April 4, 1887), *without abstract*..... 129
Further Notes of a Scientific Journey across South America, through the valleys of the Beni and Madeira Rivers (May 2, 1887), *without abstract*..... 138
Concluding Observations in a Scientific Journey across South America, from the Andes to the Mouth of the Amazon (May 16, 1887), *without abstract*..... 147

LIBRARY
JUN 21 1940
MANHATTAN
STATE COLLEGE - KANSAS

PAGE

JOHN J. STEVENSON.

Notes on the Surface Geology of S. W. Virginia (March 7, 1887), *read by title*..... 118

WILLIAM E. TROWBRIDGE.

On Sub-surface Water-supply for Cities and Towns (January 31, 1887)..... 77

Laws of Fatigue and Rest in Animal Mechanics as Applied to Boat Racing (March 14, 1887)..... 114

A. W. VOGDES.

The Genera and Species of North American Carboniferous Trilobites (March 38, 1887), *read by title* 122

CHARLES B. WARRING.

On Certain Laws of Gyrating Bodies (April 11, 1887)..... 131

JOHN S. WHITE.

The Landskibet, or Viking Skip, Discovered near Gokstad, Norway, in 1880 (February 14, 1887), *without abstract*..... 98

LECTURES OF THE POPULAR LECTURE COURSE OF 1886–1887.

HENRY L. ABBOTT.

Sea-Coast Defense (March 21, 1887), *without abstract*..... 122

WILLIAM LIBBEY.

Recent Explorations in Alaska (January 24, 1887), *without abstract.* 77

CHARLES S. MINOT.

The Evolution of the Head (April 25, 1887), *without abstract*..... 135

JOHN K. REES.

The Great Telescopes of the World; their Construction, Powers, and Limitations (February 21, 1887)..... 93

WILLIAM P. TROWBRIDGE.

The Development of Bridge Construction, with Notices of some Remarkable Historic Bridges (May 23, 1887)..... 148

LIST OF PLATES AND FIGURES.

	PAGE
Cavities in Artificial Ruby (two cuts)	5
Liquid-Cavities in Natural Ruby and Sapphire	5
Acicular Crystals in Sapphire	7
Cuneiform Crystals in Ruby and Sapphire	7
National Filter	facing 55
National Filter	facing 56
Earring of Meteoric Iron	72
Carroll County Meteorite	73
Sections of Carroll County Meteorite (3 cuts)	74
Section of Iron from the Turner Mounds	74
Catorze Meteorite	75
Widmanstätten Figures in Catorze Meteorite	76
Driven Wells	facing 82
Hollow Quartz Crystals	123
